

Addendum to the enforcement of the school dress code at DISD

The DISD school regulations, which are part of the parent-school contract, provide for a school uniform for students in Appendix III (Guidelines for wearing a school uniform). Details of what this uniform must look like are displayed in every classroom in the school and published on the school website. (In physical education, the regulations apply accordingly, wearing the DISD sports uniform is compulsory). The items of clothing of the school uniform and the sports uniform may be combined with each other.

Violations of the school dress code on the school premises will result in the measures listed below:

The colours are adapted to the levels of the school regulations Annex II (Dealing with Misconduct).

Stage 1:

- Students who do not wear a proper school uniform will be sent to reception by the supervising teachers (foyer/primary school corridor/segregation SEK area) immediately after entering the school premises.
- The misconduct will be entered in a list: class, name, date, reason.
- A pre-written mail (D/E) is sent from reception to the parents

Stage 2:

- If the student fails to comply with the school dress code for the second time, the parents will be informed directly by email with the class teacher in CC. The class teacher will then arrange a short meeting with the parents.
- At Stage 2, a Record of Incident will be completed and kept.

Stage 3:

- If the student repeatedly fails to comply with the school dress code, it is the responsibility of the class teacher, together with the Head of Secondary School and the Principle, to determine a course of action.
- Suggested action: immediate collection from the school by the parents.
